

MINAB PROTOCOL

For Teachers

Use this when a classroom or advisory team wants the safest entry point into the protocol.

Use this when:

- Start with the school pilot kit before using classroom-facing materials.
- Keep the work age-banded, trauma-informed, and voluntary where needed.
- Use the family-facing and counselor-aware path.

Quick links:

Start here: <https://lotdpsc.com/minab-protocol-start-here>

School pilot kit: <https://lotdpsc.com/minab-protocol-schools>

Share center: <https://lotdpsc.com/minab-protocol-share>

Safest entry point: whole-school pilot, family notice, opt-out path, and counselor visibility.
