

MINAB PROTOCOL

School Facilitator Guide

Use this when a teacher, counselor, or site lead needs a concrete facilitation guide for a pilot session.

Use this when:

- Begin with norms, purpose, and support pathways before content.
- Keep disclosure voluntary and never require affected students to speak from lived experience.
- Close with reflection, support reminders, and a teacher debrief note.

Facilitator rule: hold the room gently, protect the learners, and keep the pilot reviewable.
