

MINAB PROTOCOL

Opt-Out and Alternative Work Path

Use this when a school needs a clear non-punitive opt-out path and alternative assignment language.

Use this when:

- Opt-out should be visible, simple, and free of stigma.
- Alternative work should still support reflection and civic learning without pressure.
- Keep the family-facing contact path on the same page.

Opt-out standard: a safe path is part of the implementation, not an exception to it.
